

JONATHAN ATTWOOD

EXECUTIVE DIRECTOR:
FINANCIAL SERVICES & INSURANCE

“**CREATE
POSITIVE
CHANGE IN
AN EVOLVING
INDUSTRY**”

BIO

Jonathan is a proven leader in Financial Services Search & Selection with over 12 years' experience placing talent and leading teams across London and Australia. His mission is to create positive change in an evolving industry through helping the best people find the best seats and maximising capability development in those around him.

Jonathan began his professional career in Insurance, working first for a Global Broker and then a Lloyd's & London Market Insurer focused on Marine, Energy and Liability products. A deep passion for people meant that a transition into the search & selection industry was a matter of time and in 2009 Jonathan built the Insurance division for a successful Finance & Accounting recruiter in London.

Moving to Australia in 2013, Jonathan has built and led highly successful search teams across the Insurance, Wealth, Superannuation and Banking sectors while personally delivering on critical mandates. He takes quiet enjoyment in seeing placed candidates go on to achieve success and charting the success of colleagues past and present he has been fortunate enough to lead.

Jonathan is still actively involved in the Insurance sector and maintains the same passion for the industry today as he did making his first presentation in a Leadenhall Street boardroom all those years ago.

Jonathan holds a Masters in Economics, is qualified through the Chartered Insurance Institute in London and holds multiple qualifications in talent assessment. Outside of work he is an avid Arsenal FC fan and is passionate about music, being the son of a Jazz Musician and Scottish Folk singer. He is also embarking on new passions in both the financial markets and learning a new martial art!
