

# LLOYD FAGAN

BUSINESS LEAD -  
FINANCE & ACCOUNTING

“ POSITIVE  
RELATIONSHIPS  
FOR THE FUTURE ”

## BIO

Lloyd brings over 20 years of finance and accounting recruitment experience to Reo’s established brand. He has deep expertise across multiple geographies in placing high calibre finance professionals. He is highly trusted by CFOs across MNC, Listed and Privately Held enterprises.

Through his career Lloyd has delivered to clients at all levels, with his core area of expertise now being focused in the Qualified Accounting space, typically recruiting Financial and Management Accountants, Financial & Commercial Analysts, Finance Managers and Financial Controllers.

Having successfully run both interim and permanent desks both independently and together, Lloyd’s key strength is the ability to partner with clients to identify and offer the best solutions to challenging briefs whilst quickly building credibility and earning trust through his natural curiosity to uncover the best outcome for the business.

Providing a quality, transparent and responsive service to candidates at all levels is also part of his ethos, recognising that this leads to positive relationships for the future. Internally, Lloyd is also passionate about leveraging his own experience to help mentor and share best practice across the teams he operates in.

Outside of work Lloyd has recently acquired 2 pups under a year old and he and his wife can often be found exploring the “dog-friendly” areas of Sydney, be it restaurants, café’s, bush-walks or beaches.
